

Interdisciplinary Graduate Program in
Molecular & Cellular Biology

Spring 2015 Workshop & Seminar Series

**"The role of mitochondrial CaMKII in
vascular restenosis"**

Emily Nguyen

**Molecular & Cellular Biology Graduate Student
Grumbach lab**

**"Cis-regulatory control of periderm
differentiation: functional screen of
candidate enhancers"**

Kaylia Duncan

**Molecular & Cellular Biology Graduate Student
Cornell lab**

**Thursday, April 16
4:00-5:00 p.m., 1289 CBRB**
